

CASE ERECTOR CE-20H

CASE ERECTOR

**Automatic, High production speed,
Flexible, User-friendly**

TECHNICAL HIGHLIGHTS

Case Erector

Automatic, High production,
Flexible, User-friendly

The CE-20H is an advanced machine specifically designed for the automatic case erecting and bottom sealing process. With its powerful features and high reliability, this machine offers an efficient and hassle-free packaging solution for various applications.

Automatic

- The CE-20H provides fully automatic operation for case erecting and sealing

High Production speed

- Its fast processing speed increases the efficiency of your packaging process and reduces turnaround time

Flexible

- The CE-20H is suitable for various case sizes and types. With simple adjustments, the machine can easily be tailored to the specific requirements of your products

User-friendly

- The CE-20H is designed with ease of use in mind. Its intuitive interface and clear control panels allow you to easily set up and operate the machine

TECHNICAL INFORMATION

Case Erectors / CE-20H

Case Size	L330-530 mm, W165-330 mm
Tape Width	1.5-3 inch
Working Speed	0-15 cases/min
Power supply	220V 50Hz
Air Pressure	6 kg/cm ²
Controllers	AB, SIEMENS, Mitsubishi
Machine appearance	L2005xW1950xH1285 mm
Machine weight	400 kg
Environment conditions	Humidity ≤98% Temperature 0-40°C
